About UMANA and Carver Technologies

Carver Technologies provides Human Resource and Payroll Management Software Solutions, responding to the needs of organizations of 150 employees and up. Carver Technologies Software Suite is sold under the name UMANA.

UMANA offers a full range of products comprising 15 modules and all related services

Several of the services included:

- Development to personalize the application where necessary
- Onsite services and advice for optimal installation and configuration
- On site user implementation training
- Full support contract, including updates, telephone support and remote access

All the services required to support a turnkey application adapted to all your needs

In addition:

- A multitude of productivity features
- Renowned user friendly applications
- Solutions that keep pace with evolving technology

Carver Technology excels in responding to the needs of organizations of 150 employees and up. Our Solution can accommodate environments with complex needs such as unions environments, varieties of employee groups, timesheets with large numbers of rules, multiple systems, complex benefits, and complex pension plans, etc.

Carver Technologies invests 10 % of our gross revenue in Research and Development in order to improve the functionality and performance of our different software packages. Some of most important projects include our web portal and our new absence management module.

About the HRDA annual conference and trade show

Event details: *HRPA's 2011 Annual Conference & Trade Show is about identifying and capitalizing on the trends—demographic, economic, and technological—that are revolutionizing the workplace at the start of the second decade of the 21st century.*

For three days—February 2 to 4, 2011—you will exchange ideas with HR peers from around the globe, examine the latest HR issues, challenges and opportunities, and engage with some of the world's leading business minds.

*General admission to the trade show is FREE.
No Registration required to access the Trade Show*
